**Annex (1)-1: Additional declaration**

**For Veterinary Health Certificate to export milk products from cloven-hoofed animals**

from UAE to Japan

Certificate No. : .....

I, the undersigned official veterinarian, certify that:

1. Milk products have been produced from raw milk obtained from clinically healthy animals, and it is prohibited to use raw milk obtained from animals infected with animal infectious diseases in UAE.
2. Raw milk used in the production of milk products has originated from herds which were not infected or suspected of being infected with FMD at the time of milk collection.
3. Milk products have been produced, packaged and stored from raw milk collection to shipment of final products to Japan without contamination by pathogens of animal infectious diseases or commingling with milk products which do not meet Articles 1 to 3 in Animal Health Requirements for milk products to be exported to Japan from countries other than Listed countries.
4. Packages and containers such as carton boxes for milk products have been clean and hygienic.

**Processing treatment**

5. A foot-and-mouth disease (FMD) virus inactivation treatment of milk products has been carried out in any stage of production by any of the following methods (\*please tick the appropriate box):  
[Not intended for cloven-hoofed animals consumption]  
 a minimum temperature of 132°C for at least one second in liquid form (UHT)  
 (pH less than 7.0) a minimum temperature of 72°C for at least 15 seconds in liquid form (HTST)  
 (pH 7.0 or greater) HTST applied twice  
 maintaining a pH less than 6 for at least one hour.  
[Intended for cloven-hoofed animals consumption (or likely to use for this purpose)]  
 HTST applied twice  
 HTST combined with another physical treatment, maintaining a pH less than 6 for at least one hour or additional heating to at least 72°C combined with desiccation  
 UHT combined with another physical treatment, maintaining a pH less than 6 for at least one hour or additional heating to at least 72°C combined with desiccation
6. [Name of country where Article 5 was carried out (if different from exporting country)]:.....
