LIST OF TABLES

I Foods
Explanation .................................................................................................................. 45

1 Food Supply and Demand
(1) Food Balance Sheet
   a. FY 2016, Approximate Data ............................................................................. 48
   b. FY 2015, Final Data .......................................................................................... 50
   c. Annual Net Food Supply per Citizen ................................................................. 52
   d. Food Self-Sufficiency Ratio ............................................................................... 53
(2) Supply and Demand of Government-Owned Rice, Wheat and Barley
   a. Rice ................................................................................................................... 54
   b. Wheat and Barley (for food) ............................................................................. 54
(3) Supply, Consumption, Sales, Stock, etc. of Rice per Farm Household
   Total of Paddy Field Non-Glutinous Rice and Paddy Field Glutinous Rice, and Paddy Field
      Non-Glutinous Rice ......................................................................................... 54

2 Food Consumption
(1) National Nutrition
   a. Intake of Nutrition per Person a Day (One-year-old and over) ...................... 56
   b. Intake of Nutrition per Person a Day by Food Groups (One-year-old and over) (2016) 56
(2) Prices of Food
   a. Consumer Price Index (2015 = 100, National) ............................................. 57
   b. Retail Prices of Major Cities .......................................................................... 58
(3) Expenditure for Food per Household
   Yearly Amount of Expenditure and Quantities per Household by City of Prefectural
      Government (Two-or-more-person Households) ............................................. 60
(4) Transition of Imputed Value of Foods and Beverages Expenses by Section from Final
    Consumption Expenditure .................................................................................. 66

3 AFFrinovation
(1) Annual Sales Amount and Rate of Business Entities by Annual Sales Amount (FY 2015) ...... 67
(2) Number of Workers and Ratio of Male to Female Employees (FY 2015) ..................... 68
(3) Annual Purchase Price by Production Area (Sales Amount as for Farmer's Market) (FY 2015) . . 68
(4) Annual Sales Amount and Number of Business Entities of Businesses Related to
    Agricultural Production by Prefecture .............................................................. 69
(5) Annual Sales Amount and Number of Business Entities of Businesses Related to Fishery
    Production by Prefecture ................................................................................. 70

4 Trends of Food Industry and Marketing Costs, etc.
(1) Structure of Food Industry
   a. Structure of Food Service Industry (2014) .................................................... 71
   b. Sales of Food Service Industry ....................................................................... 71
   c. Structure of Food Manufacture and Shipment Status (Establishments with more than 4
      persons engaged) ......................................................................................... 72
   d. Structure of Food Wholesale and Sales Status ................................................. 72
   e. Structure of Food Retail Trade and Sales Status .............................................. 74
f. Capital Investments in Food Manufacturing and Food Service Industry
   (as of March 31, 2017) ................................................................. 75

(2) Distribution Costs of Vegetables and Fruits (FY 2014)
   a. Sales Income, Collecting, Shipping, and Selling Costs of Collector and Shipper, and
      Received Income of Producers (per 100 kg) ........................................ 76
   b. Distribution Costs, etc. of Intermediate Wholesaler (per Wholesaler) ............... 78
   c. Distribution Costs, etc. of Retailer (per Retailer) ..................................... 78

(3) Distribution Costs of Fishery Products (FY 2014)
   a. Distribution Costs, etc. of Wholesalers in Producing Areas (per Wholesaler) ............ 79
   b. Distribution Costs, etc. of Shipment Dealers in Producing Areas (per Dealer) ........... 79
   c. Distribution Costs, etc. of Intermediate Wholesaler (per Wholesaler) ..................... 80
   d. Distribution Costs, etc. of Retailers (per Retailer) ...................................... 80

(4) Number of Certified Business Operators of Organic Farm Products, etc. and Grading Results
   a. Number of Certified Business Operators of Organic Farm Products, etc. and Farm Households 81
   b. Grading Results by Certified Business Operators (FY 2016)
      (a) Organic Farm Products ................................................................. 82
      (b) Organic Processed Foods ............................................................. 83
      [Reference] Gross Production and Graded Quantity in Japan (FY 2016) .................. 83

5 Japan Trade of Agricultural, Forestry and Fishery Products
   (1) Exports .............................................................................................. 84
   (2) Imports .............................................................................................. 92

II Agriculture and Forestry Management Entities

Explanations ................................................................................................. 112

1 Agriculture and Forestry Management Entities
   (1) Number of Agriculture and Forestry Management Entities ................................. 114
   (2) Number of Agriculture and Forestry Management Entities by Type of Management ..... 115
   (3) Number of Agriculture and Forestry Management Entities by Type of Organization ... 116

2 Agriculture Management Entities
   (1) Number of Agriculture Management Entities by Type of Organization ................. 118
   (2) Number of Agriculture Management Entities by Area of Cultivated Land under Management 120
   (3) Number of Agriculture Management Entities by Sales Amount of Agricultural Products 122
   (4) Number of Agriculture Management Entities by Agriculture Management Organization 124
   (5) Status of Cultivated Land under Management ................................................. 126
   (6) Number of Agriculture Management Entities with Cultivated Land Rented from Others, and
       Renting Area ....................................................................................... 130
   (7) Number of Agriculture Management Entities Owning Cultivated Land Rent to Others, and
       Renting Area ....................................................................................... 131
   (8) Areas by Size of Cultivated Land under Management ........................................... 132
   (9) Status of Engagement Farming Management and Directors, etc. ................................ 134
   (10) Employed Labor ...................................................................................... 136
   (11) Number of Agriculture Management Entities by Type of Contracted Paddy Field Rice
        Farming, and Contracted Area .............................................................. 138
   (12) Number of Agriculture Management Entities by Type of Contracted Business for
        Agricultural Work .............................................................................. 140
| Number of Agriculture Management Entities by Size of Commission Fees of Agricultural Work | 142 |
| Number of Agriculture Management Entities Engaged in Business Related to Agricultural Production by Type of Business | 144 |
| Number of Agriculture Management Entities by Sales Destination of Agricultural Products | 146 |
| Number of Agriculture Management Entities by Sales Destination of Agricultural Products with Top Sales | 148 |

### Agriculture Management Entities (Survey on Movement of Agricultural Structure)

1. Number of Agriculture Management Entities
2. Number of Agriculture Management Entities by Area of Cultivated Land under Management
3. Number of Agriculture Management Entities by Sales Amount of Agricultural Products
4. Number of Agriculture Management Entities by Agriculture Management Organization
5. Status of Cultivated Land under Management
6. Status of Cultivated Land Rented from Others
7. Agricultural Labor Force

### Agriculture Management Entities (Organized Management Entities)

1. Number of Agriculture Management Entities by Type of Organization
2. Number of Agriculture Management Entities by Area of Cultivated Land under Management
3. Number of Agriculture Management Entities by Sales Amount of Agricultural Products
4. Number of Agriculture Management Entities by Agriculture Management Organization
5. Status of Cultivated Land under Management
6. Area by Size of Cultivated Land under Management
7. Status of Engagement Farming Management and Directors, etc.
8. Employed Labor
9. Number of Agriculture Management Entities by Type of Contracted Paddy Field Rice Farming, and Contracted Area
10. Number of Agriculture Management Entities Engaged in Business Related to Agricultural Production by Type of Business
11. Number of Agriculture Management Entities by Sales Destination of Agricultural Products
12. Number of Agriculture Management Entities by Sales Destination of Agricultural Products with Top Sales

### Agriculture Management Entities (Organized Management Entities) (Survey on Movement of Agricultural Structure)

1. Number of Agriculture Management Entities
2. Number of Agriculture Management Entities by Area of Cultivated Land under Management
3. Number of Agriculture Management Entities by Sales Amount of Agricultural Products
4. Number of Agriculture Management Entities by Agriculture Management Organization
5. Status of Cultivated Land under Management
6. Status of Cultivated Land Rented from Others
7. Agricultural Labor Force

### Community-Based Farm Cooperatives

1. Number of Community-Based Farm Cooperatives by Type of Organization
2. Number of Community-Based Farm Cooperatives by Status of Joining Farming Income Stabilization Measures
3. Number of Community-Based Farm Cooperatives by Size of Cultivated Area
a. Number of Community-Based Farm Cooperatives by Size of Cultivated Area under Management .......................................................... 190

b. Number of Community-Based Farm Cooperatives by Size of Contracted Area of Agricultural Work .......................................................... 191

(4) Number of Community-Based Farm Cooperatives by Activity (Multiple Answers) ........ 192
(5) Number of Community-Based Farm Cooperatives by Number of Farm Households .......... 194

7 Fatal Accidents in Agricultural Work
(1) Status of Fatalities during Agricultural Work .............................................. 195
(2) Number of Accidents by Age Group ......................................................... 196

III Farm Households

Explanation .................................................................................................................. 199

1 Farm Households, Household Members, etc.
(1) Number of Farm Households and Household Members ............................... 201
(2) Number of Farm Households with Cultivated Land under Management and Area .............. 202
(3) Number of Farm Households with Cultivated Land Rented from Others and Area .............. 203
(4) Number of Farm Households with Cultivated Land Rent to Others and Area ................. 204
(5) Number of Farm Households (Households) with Abandoned Cultivated Land and Area .......... 205
(6) Average Age of Persons Engaged in Farming, etc. ............................................ 206

2 Commercial Farm Households
(1) Number of Commercial Farm Households by Status of Farm Business .................. 208
(2) Number of Commercial Farm Households by Full-Time and Part-Time ..................... 209
(3) Number of Commercial Farm Households by Area of Cultivated Land under Management ... 210
(4) Number of Commercial Farm Households by Sales Amount of Agricultural Products .......... 212
(5) Number of Commercial Farm Households by Agriculture Management Organization .......... 214
(6) Number of Commercial Farm Households by Section of Agricultural Products with Top Sales ... 216
(7) Number of Household Members Engaged in Own Farming by Days Engaged Self-Employed Farming (Commercial Farm Households) ........................................... 218
(8) Number of Population Mainly Engaged in Farming by Age Group (Commercial Farm Households) ............................................................ 220
(9) Number of Core Persons Mainly Engaged in Farming by Age Group (Commercial Farm Households) ............................................................ 220
(10) Areas by Size of Cultivated Land under Management (Commercial Farm Households) .......... 228
(11) Status of Cultivated Land under Management (Commercial Farm Households) ............... 230
(12) Number of Farm Households with Cultivated Land Rented from Others and Area (Commercial Farm Households) ................................................... 233
(13) Number of Farm Households with Cultivated Land Rent to Others and Area (Commercial Farm Households) ................................................... 234

3 Commercial Farm Households (Survey on Movement of Agricultural Structure)
(1) Number of Commercial Farm Households by Status of Farm Business .................. 235
(2) Number of Commercial Farm Households by Full-Time and Part-Time ..................... 235
(3) Number of Commercial Farm Households by Sales Amount of Agricultural Products .......... 236
(4) Number of Commercial Farm Households by Agriculture Management Organization .......... 236
(5) Number of Commercial Farm Households by Area of Cultivated Land under Management ... 237
(6) Area of Cultivated Land under Management per Household ................................. 237
(7) Area of Cultivated Land Rented from Others per Household ................................. 237
(8) Number of Farm Households Member by Age Group (Commercial Farm Households)
   a. Total ........................................................................................................ 238
   b. Male ........................................................................................................ 238
   c. Female ..................................................................................................... 238
(9) Number of Population Engaged in Farming by Age Group (Commercial Farm Households)
   a. Total ........................................................................................................ 239
   b. Male ........................................................................................................ 239
   c. Female ..................................................................................................... 239
(10) Number of Core Persons Mainly Engaged in Farming by Age Group (Commercial Farm
     Households)
    a. Total .................................................................................................... 240
    b. Male ..................................................................................................... 240
    c. Female .................................................................................................. 240
4 Newcomers in Agriculture
   (1) Number of Newcomers in Agriculture by Employment Type ............................. 241
   (2) Number of New Self-Employed Farmers by Age Group ..................................... 241
   (3) Number of New Employed Farmers by Age Group .......................................... 242
   (4) Number of New Entries by Age Group ....................................................... 242

IV Farm Management
Explanation .............................................................................................................. 246
1 Farm Management by Agricultural Region (Individual Management, per Household)
   (1) Summary of Farm Management .................................................................... 252
   (2) Agricultural Gross Income ......................................................................... 254
   (3) Agricultural Expenditures .......................................................................... 254
   (4) Non-Agricultural Gross Income, Non-Agricultural Expenditures, Income from Pension, etc. 256
   (5) Working Members, Working Hours and Area under Management .................... 256
   (6) Agricultural Fixed Capital Value and Property of Farm Households (Value at the Beginning
      of the Year) ............................................................................................... 258
   (7) Deposits and Debts (Balance at the End of the Year) ....................................... 259
2 Farm Management by the Status of Farm Business (Individual Management, per Household) (2015)
   (1) Summary of Farm Management .................................................................... 260
   (2) Agricultural Gross Income ......................................................................... 260
   (3) Agricultural Expenditures .......................................................................... 262
   (4) Non-agricultural Gross Income, Non-agricultural Expenditures, Income from Pension, etc. 262
   (5) Working Members, Working Hours and Area under Management .................... 264
   (6) Agricultural Fixed Capital Value and Property of Farm Households (Value at the Beginning
      of the Year) ............................................................................................... 264
   (7) Deposits and Debts (Balance at the End of the Year) ....................................... 265
3 Farm Management by Agriculture Labor Force Owned (Individual Management, per
   Household) (2015)
   (1) Summary of Farm Management .................................................................... 266
   (2) Agricultural Gross Income ......................................................................... 268
   (3) Agricultural Expenditures .......................................................................... 268
4 Farm Management of Household with Certified Farmer (Individual Management, Per Household) (2015)
(1) Summary of Farm Management ................................................................. 274
(2) Agricultural Gross Income ........................................................................ 274
(3) Agricultural Expenditures ......................................................................... 274
(4) Non-Agricultural Gross Income, Non-Agricultural Expenditures, Income from Pension, etc. ................................................................. 276
(5) Working Members, Working Hours and Area under Management ................. 276
(6) Agricultural Fixed Capital Value and Property of Farm Households (Value at the Beginning of the Year) ............................................................. 276
(7) Deposits and Debts (Balance at the End of the Year) ...................................... 277

5 Farm Management by Farming Type (Individual Management, per Household) (2015)
(1) Summary of Farm Management ................................................................. 278
(2) Agricultural Gross Income ........................................................................ 280
(3) Agricultural Expenditures ......................................................................... 282
(4) Non-Agricultural Gross Income, Non-Agricultural Expenditures, Income from Pension, etc. ................................................................. 284
(5) Working Members, Working Hours and Area under Management ................. 286
(6) Agricultural Fixed Capital Value and Property of Farm Households (Value at the Beginning of the Year) ............................................................. 288
(7) Deposits and Debts (Balance at the End of the Year) ...................................... 289

6 Farm Management by Sector of Farming Type (Individual Management, per Household) (2015)
(1) Summary of Farm Management ................................................................. 290
(2) Analytical Indicators, Conspectus of Management ........................................ 291

7 Farm Management by Farming Type (Organizational Management (Management of Corporate Organization) of Paddy Field Farming, National Average, per Organization)
(1) Summary of Farm Management Balance .................................................... 291
(2) Analytical Indicators, Conspectus of Management ........................................ 291

8 Farm Management by Farming Type (Management of Paddy Field Farming by Private Organization (Community-Based Farm Cooperative), National Average)
(1) Summary of Farm Management Balance and Analytical Indicators ................ 292
(2) Conspectus of Management ...................................................................... 292

9 Production Cost
(1) Production Cost of Rice (Paddy Field Rice and Brown Rice Base)
   a. Production Cost per 60 kg by Agricultural Regions ...................................... 294
   b. Production Cost per 10 a by Prefectures ..................................................... 296
(2) Production Cost of Wheat and Barley, Potatoes, Soybean, Industrial Crops, and Buckwheat ................................................................. 300
(3) Production Cost of Livestock ..................................................................... 304
(4) Production Cost of Rice for Juridical Organizations (Paddy Field Rice and Brown Rice)
   a. Production Cost per 60 kg ......................................................................... 312
   b. Production Cost per 10 a .......................................................................... 312

10 Results of Payments under Income Stabilization Measure, etc.
(1) Number of Payments under Farming Income Stabilization Measure, etc. ........ 314
(2) Payment Amount under Farming Income Stabilization Measure, etc. ............. 315
(3) Amount of Payments of Direct Payment Subsidy for Upland Field Crops by Target Crop 316
(4) Land Area Subject to Payments of Direct Payment Subsidy for Utilizing Paddy Fields and Direct Payment Subsidy for Rice 317
(5) Results of Subsidy Payments to Mitigate Impact of Reduced Income 318
11 Number of Certified Farmers and Status of Basic Plan Formulation 319

V Commodity Price Index of Agriculture
Explanation 321
1 Price Index of Agricultural Products (2015 = 100) 324
2 Price Index of Materials for Agricultural Production (2015 = 100) 324
3 Index Numbers of Price by Commodity (2015 = 100) 326

VI Agricultural Land
Explanation 340
1 Cultivated Land Area
   Area by Type of Cultivated Land 342
2 Area of Cultivated Land Expanded and Ruined
   (1) Paddy Field 344
   (2) Upland Field 346
3 Dilapidated Farmland Area 348
4 Status of Cultivation of Paddy Field and Upland Fields (2016) Estimates 349
5 Transfer of Rights and Change on Agricultural Land
   (1) Transfer of Rights on Agricultural Land for Cultivation
      a. Transfer of Rights by the Agricultural Land Act 350
      b. Transfer of Rights by the Agricultural Management Reinforcement Act 352
   (2) Change of Agricultural Land 354
6 Length of Rural Roads by Type of Management Organization 356
7 Number of Major Farm Irrigation Facilities Extension of Farm Ditches (2016) Estimates 357

VII Crops
Explanation 361
1 Rice
   (1) Planted Area and Production of Paddy Field Rice and Upland Rice 364
   (2) Efforts for New Demand Rice, etc. by Use 366
2 Wheat and Barley (as Matured Grain) 368
3 Sweet Potatoes 371
4 Pulses and Miscellaneous Cereals 372
5 Vegetables
   (1) Major Vegetables 374
   (2) Other Vegetables 391
6 Fruits and Nuts
   (1) Major Fruits and Nuts 394
   (2) Other Fruits and Nuts 399
7 Industrial Crops 402
8 Feed and Forage Crops ......................................................... 404
9 Flowers ........................................................................... 406
10 Ornamental Trees and Shrubs, etc.
   (1) Ornamental Trees and Shrubs ............................................ 408
   (2) Turfs ........................................................................ 409
   (3) Ground Cover Plants ...................................................... 409
11 Area of Installed Glass and Vinyl Houses for Horticulture and Total Area of Cultivation .... 410
12 Aggregate of Planted Area of Crops and Utilization Rate of Cultivated Land ................. 412

Ⅷ Livestock and Poultry
Explanation ........................................................................... 415
1 Number of Households Raising Livestock, and Number of Fed Livestock, etc.
   (1) Dairy Cattle ................................................................. 416
   (2) Beef Cattle .................................................................. 417
   (3) Pigs ........................................................................... 418
   (4) Layers ........................................................................ 419
   (5) Broilers (Including Number of Households Shipping, and Number of Shipped Broilers) 420
2 Number of Households Raising Livestock by Size of Fed Livestock, etc.
   (1) Dairy Cattle ................................................................. 421
   (2) Beef Cattle .................................................................. 422
   (3) Pigs ........................................................................... 423
   (4) Layers ........................................................................ 424
   (5) Broilers (Number of Households Shipping by size of Shipments) ................................. 425

[Reference] Census of Agriculture and Forestry
Number of Management Entities Raising Livestock and Number of Fed Livestock (Agriculture
Management Entities) .............................................................. 426
3 Production of Raw Milk and Drinking Milk ........................................ 427
4 Number of Shipments of Chicks .................................................... 428
5 Number of Layers and Production of Chicken Eggs ................................. 428
6 Number of Stud Bulls ................................................................ 429
7 Morbidity of Animal Infectious Diseases ............................................. 430

Ⅸ Materials for Agricultural Production
Explanation ........................................................................ 433
1 Fertilizers
   (1) Production of Chemical Fertilizers ...................................... 435
   (2) Supply and Demand of Chemical Fertilizers (Net Ingredient) .... 435
   (3) Import and Export ............................................................ 436
2 Soil Conditioners
   Amounts of Government-Designated Soil Conditioners Supplied ................. 436
3 Agricultural Chemicals
   (1) Amounts of Registered Agricultural Chemicals ..................... 437
   (2) Distribution of Agricultural Chemicals .................................. 437
   (3) Import and Export ............................................................ 438
4 Feeds
(1) Production of Compound and Mixed Feed by Use ........................................ 439
(2) Quantity of Materials Used for Compound and Mixed Feed ...................... 439
(3) Import and Export .................................................................................... 440
(4) Feed Balance Sheet ................................................................................. 440

5 Agricultural Machinery
(1) Production of Major Agricultural Machinery ............................................. 441
(2) Number of Owned Major Agricultural Machines (Agriculture Management Entities) 442
(3) Import and Export .................................................................................... 443

X Rural Areas
Explanation ...................................................................................................... 446

1 Rural Communities
(1) Number of Rural Communities by Required Time to a Given DID ............... 448
(2) Average Area per Rural Community ........................................................ 449
(3) Number of Rural Communities by Area of Cultivated Land ..................... 450
(4) Number of Rural Communities by Rate of Cultivated Land ....................... 452
(5) Number of Rural Communities by Rate of Paddy Field .............................. 454
(6) Number of Rural Communities with Community Function ....................... 455
(7) Number of Rural Communities with Agricultural Producer's Union .......... 455
(8) Gathering Status of Rural Communities
   a. Number of Rural Communities by Number of Gathering Held during the Past Year 456
   b. Number of Rural Communities by Meeting Topic .................................... 457
(9) Efforts for Revitalization ........................................................................... 458

2 Conservation of Resources and Environment
(1) Number of Agriculture Management Entities Engaged in Environment Conservation Farming by Type of Approach .......................................................... 459
(2) Conservation of Resources
   a. Farmland .................................................................................................. 460
   b. Forests ...................................................................................................... 460
   c. Irrigation Ponds and Lakes ..................................................................... 461
   d. Rivers and Waterways .......................................................................... 461
   e. Agricultural Waterways ......................................................................... 462

3 Transition of Number of Public Farmlands and Area .................................. 463

4 Operation of the Direct Payment for Hilly and Mountainous Areas
(1) System Operation Status .......................................................................... 464
(2) Overview of Rural Community Agreement .............................................. 465
(3) Current Status of "Activities Promoting Multiple Functions" .................... 466

5 Crop Damages
(1) Damaged Area and Damaged Quantity of Paddy Field Rice ..................... 468
(2) Crop Damage by Wild Birds and Animals ................................................. 470

6 Wildlife Resources Utilization (FY2016)
(1) Disassemble of Wild Birds and Animals at Meatpacking Facilities
   a. Number of Facilities by Number of Dissembled Birds and Animals .......... 472
   b. Number of Dissembled Wild Birds and Animals by Type ....................... 474
   c. Consumption of Gibier .......................................................................... 475
(2) Sale of Wild Birds and Animals by Meatpacking Facilities
a. Amount of Money Obtained by Meatpacking Facilities
b. Volume of Meat of Wild Birds and Animals Wholesaled or Retailed by Meatpacking Facilities by Buyer Category

XI Forestry
Explanation
1 Number of Forestry Households by Size of Owned Forest Areas and Owned Forest Areas
2 Forestry Management Entities
   (1) Number of Forestry Management Entities by Size of Owned Forest Areas
   (2) Owned Forest Areas by Size of Owned Forest Areas
   (3) Number of Forestry Management Entities by Type of Organization
   (4) Number of Forestry Management Entities Contracted Forestry Work and Areas under Contract
   (5) Status of Owned Forest
3 Forest and Grazing Land Area, and Forest Resources
   (1) Total Land Area, and Forest and Grazing Land Area
   (2) Forest and Grazing Land Area by Type of Ownership
      a. Present Forest Area
      b. Grazing Land other than Forest (Natural Grassland)
      c. Forest and Grazing Land Area
   (3) Number of Municipalities by Forest and Grazing Land Area
   (4) Area of Protection Forest
   (5) Number of Municipalities by Rate of Forest and Grazing Land
   (6) Forest Resources
4 Supply and Demand
   (1) Area of Artificial Afforestation
6 Forestry Products
   (1) Production of Logs
   (2) Supply and Demand of Logs
   (3) Production of Special Forestry Products
7 Use of Woody Biomass Energy
   (1) Use for Woody Biomass
   (2) Use for Wood Chips by Origin
   (3) Number of Generators by Type
   (4) Number of Boiler by Type
   (5) Number of Establishments using of Woody Biomass Energy by Type of Industry
8 Forest Road
   (1) Status of Forest Road (Available for Automobile)
   (2) New Construction of Forest Road (Available for Automobile)
9 Forestry Management

XII Fishery
Explanation
1 Structure of Fishery Production
(1) Marine Fishery
  a. Number of Fishery Management Entities
     (a) Number of Fishery Management Entities by Class of Management Entity 528
     (b) Number of Fishery Management Entities by Management Organization 533
     (c) Number of Fishery Management Entities by Fishery Type 534
     (d) Number of Fishery Management Entities by Size of Fish and Marine Sales
        Amount of Catches and Harvests 536
     (e) Total Number of Fishery Management Entities by Shipping Destination 538
  b. Individual Management Entities
     (a) Number of Fishery Management Entities by Full-Time and Part-Time 539
     (b) Number of Management Entities for Basic Commercial Fishers by Age 540
  c. Number of Fishery Household Members (Individual Management Entities) 542
  d. Number of Fishery Workers
     (a) Number of Fishery Workers by Age Group and Gender 543
     (b) Number of Fishery Workers by Employment Form 543

(2) Inland Water Fishery and Aquaculture
  a. Number of Inland Water Fishery Management Entities 544
  b. Lake Fishery (Organized Management Entities and Individual Management Entities
     Engaged in Work on Lakes for 30 Days and over per Year)
     (a) Number of Management Entities by Class of Management Entity 545
     (b) Number of Management Entities by Management Organization 545
     (c) Number of Lake Fishery Workers by Gender and Age Group 545
  c. Inland Water Aquaculture
     (a) Basic Structure and Number of Management Entities by Sales Amount of Harvests in the
        Past Year 546
     (b) Number of Management Entities by Aquaculture Type 548
     (c) Number of Aquaculture Workers by Gender and Age Group 550

2 Fishery Resource Management, Multiple Functions of Fishery
(1) Number of Fishery Management Organizations
  a. Total Number of Organizations by Management 552
  b. Total Number of Organizations by Type of Managed Fishery 554

(2) Background Conditions of Marine Fishery
  a. Changes in Fishing Ground Environments 555
  b. Activities of Revitalization 556
  c. Partnerships with Recreational Fishing Organizations 557

(3) Background Conditions of Inland Water Fishery
  a. Activities for Improving Environments of Fishing Grounds 559
  b. Number of Released Fish by Kinds of Fish 560
  c. Number of Fishery Cooperatives that Conducted Exchange Activities with Cities and Total
     Number of Participants 562

3 Means for Fishery Production and Facilities
(1) Number of Registered Fishing Vessels
  a. Number of Fishing Vessels by Tonnage 564
  b. Number of Powered Fishing Vessels for Marine Water by Type of Engine and by Type of
     Material 565
c. Number of Fishing Vessels for Marine Water by Type of Fishery ............................... 566
(2) Number of Owned Fishing Vessels for Marine Fishery ............................................. 567
(3) Designated Fishing Ports .................................................. 569

4 Fishery and Aquaculture Production
(1) Quantity by Type of Fishery .................................................. 570
(2) Quantity by Major Kinds of Fish ............................................. 571
(3) Marine Fishery
a. Quantity by Type of Fishery and by Sea Regions and by Prefecture ......................... 572
b. Quantity by Sea Region and by Prefecture of Major Kinds of Fish ............................. 578
(4) Marine Aquaculture
Quantity by Sea Region and by Prefecture of Major Kinds of Fish ............................. 584
(5) Inland Water Fishery and Aquaculture
a. Inland Water Fishery
   (a) Quantity ............................................................... 588
   (b) Quantity of Major Kinds of Fish by River and Lake ........................................ 589
b. Inland Water Aquaculture
   Quantity by Kinds of Fish ........................................................................... 591
(6) Landed Quantity and Whole Prices at Landing Markets by Commodity ................... 592
(7) Quantity of Shipment by Commodity and by Use (2015) ........................................ 593
(8) Quantity of Stock as of the Year-End of Refrigerated Fishery Products by Commodity 594

5 Fishery Management
(1) Marine Fishery Individual Enterprises (per Enterprise, 2016)
  a. Outline of Fishery Management and Earnings ............................................. 596
  b. Income and Expenditure ........................................................................... 598
(2) Marine Aquaculture Individual Enterprises (per Enterprise, 2016) ......................... 600
(3) Company Enterprise (per Enterprise, FY 2016) .............................................. 602

XIII Marketing of Agricultural, Forestry and Fishery Products
Explanation .......................................................... 608

1 Quantity of Inspected Domestic Rice, Wheat and Barley
(1) Quantity of Inspected Rice ........................................................................... 611
(2) Quantity of Inspected Wheat and Barley .......................................................... 612

2 Marketing Quantity and Price of Vegetables, Fruits and Flowers
(1) Shipment Quantity by Major Kinds of Commodity
  a. Vegetables ........................................................................... 613
  b. Fruits ............................................................................. 624
  c. Flowers ............................................................................ 628
  d. Ornamental Trees and Shrubs, etc.
     (a) Ornamental Trees and Shrubs ............................................................... 632
     (b) Turfs ............................................................................ 633
     (c) Ground Cover Plants ........................................................................... 633
(2) Wholesale Quantity, Value and Price of Vegetables and Fruits by Major Kinds of Commodities (2016) ................................. 634
(3) Redirected Quantity of Vegetables and Fruits (Total of Markets of Major Cities)
  a. Vegetables ........................................................................... 636
b. Fruits and Nuts ................................................................. 637

(4) Wholesale Quantity, Value and Price of Domestic and Imported Vegetables (Total of Markets of Major Cities) ......................................................... 638

3 Marketing Quantity and Prices of Meat
(1) Number of Slaughtered Animals and Weight of Dressed Carcass by Prefecture .......... 640
(2) Number of Animals, Dressed Carcass and Prices Transacted by Meat Wholesale Market (2016)
a. Central Meat Wholesale Markets ........................................ 644
b. Designated Meat Wholesale Markets ................................... 646

4 Shipments (Arrivals) of Chicken Eggs, and Number and Weight of the Dressed Poultry .... 650

5 Marketing Quantity and Prices of Lumber and Sawlogs
(1) Supply and Demand of Logs by Section of Demand .................. 651
(2) Sawlogs
a. Number of Saw Mills (As of December 31) ............................... 652
b. Number of Saw Mills and Received Quantity by Kinds of Logs ........ 654
c. Number of Saw Mills and Shipment Quantity of Lumber Products by Use .... 657

(3) Number of Plywood and Veneer Mills and Production of Plywood
a. Number of Plywood and Veneer Mills .................................... 659
b. Received Quantity of Logs to Produce Veneer Sheets .................. 659
c. Production of Plywood ....................................................... 659

(4) Number of Wood Chipping Mills and Production by Raw Material
a. Number of Mills .................................................................... 660
b. Production by Raw Material .................................................. 661

(5) Prices of Lumber
a. Prices of Logs ....................................................................... 662
b. Wholesale Prices of Sawlogs .................................................. 662

6 Distribution Structure of Lumber (2016)
(1) Received Quantity of Logs by Supplier
a. Domestic Logs ...................................................................... 663
b. Imported Logs ...................................................................... 664
(2) Shipment Quantity by Destination .......................................... 665

7 Facilities Related to Marketing of Fishery Products
(1) Fish Market
Number of Fish Markets by Area of Selling Floor ....................... 666
(2) Cold Storage and Refrigerating Plants .................................. 667
(3) Fishery Processing Plant
Total Number of Fishery Processing Plants by Type of Processing ...... 668

XIV Processed Agricultural and Fishery Products
Explanation ............................................................................. 671

1 Production of Processed Agricultural and Livestock Products
(1) Results of Processing of Rice
a. Production of Rice Cereal Flour ............................................ 673
b. Production of Rice Processed ............................................... 673
(2) Results of Processing of Wheat and Barley
a. Production of Wheat Flour by Use ....................................... 674
b. Production of Wheat and Barley, Polished ........................................ 674
(3) Production of Crude Tea ....................................................... 675
(4) Production of Vegetable Oils and Fats .................................. 676
(5) Production of Edible Oils and Fats ...................................... 676
(6) Production of Major Seasonings ........................................ 676
(7) Production of Sugar and Starch ......................................... 677
(8) Shipment Value of Confectionery ...................................... 677
(9) Shipment Value of Beverages ........................................... 677
(10) Shipment Quantity of Alcoholic Beverages ......................... 678
(11) Production of Milk Products ........................................... 678
(12) Production of Processed Meat Products .......................... 678
2 Production of Processed Fishery Products ............................. 680
3 Production of Canned Foods and Bottled Foods ....................... 684

 XV Income of Agriculture, Forestry and Fisheries
Explanation .............................................................................. 687
1 National Income
(1) National Income Cost by Economic Activity (At Factor Cost) (At Current Prices) .... 689
(2) Distribution of National Income ........................................ 689
2 Economic Accounts for Agriculture and Food Related Industries
(1) Gross Domestic Product on Agriculture and Food Related Industries .................. 690
(2) Accounts of Agriculture ................................................... 691
3 Total Agricultural Output and Agricultural Income Produced
(1) Total Agricultural Output and Agricultural Income Produced (National Estimate) .... 692
(2) Agricultural Output and Agricultural Income Produced by Prefecture (Estimate by Prefecture) (2016) .............................................................. 694
4 Forestry Output
(1) Forestry Output (National Estimate) ................................... 696
(2) Forestry Output by Prefecture (2016) ................................... 697
5 Fishery Output
(1) Fishery Output ................................................................. 698
(2) Fishery Output by Major Kinds of Fish ................................ 699
(3) Fishery Output by Sea Region and by Prefecture of Major Kinds of Fish (2016)
a. Marine Fishery ................................................................. 700
b. Marine Aquaculture .......................................................... 705

 XVI Mutual Relief and Insurance for Agriculture, Forestry and Fisheries
Explanation .............................................................................. 708
1 Mutual Relief of Agriculture
(1) Mutual Relief of Agricultural Crops
 a. Paddy Field Rice ................................................................. 710
 b. Upland Rice ................................................................. 712
 c. Wheat and Barley ............................................................... 713
(2) Mutual Relief of Field Crops ........................................... 715
(3) Mutual Relief of Fruits and Fruit Trees
