

A photograph of a rural landscape featuring a vibrant green field in the foreground, several trees in the middle ground, and a clear sky. A solid green rectangular banner is superimposed across the center of the image, containing the text 'Carbon Credit' in a bold, yellow, sans-serif font.

Carbon Credit

Leverage Carbon Credit to convert GHG reduction into cash

Carbon credits are certified and tradable amount of GHG emission reductions achieved by a project. Companies can offset their emissions by purchasing carbon credits.
