## CONTENTS

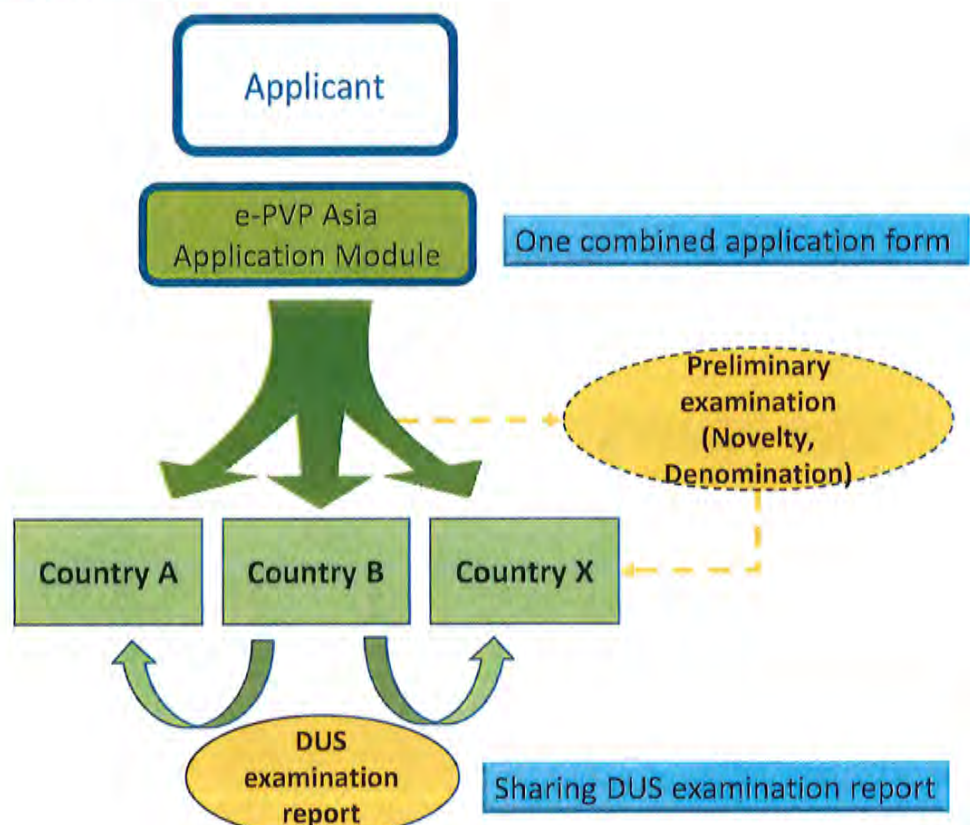

- What is e-PVP Asia?
- Viet Nam's recent developments under e-PVP Asia

# What is e-PVP Asia?

- ❑ E-PVP Asia is a platform, built using UPOV's IT tools and database with the aim of:
  - **facilitating the filing** of Plant Breeders' Rights (PBR) applications in e-PVP Asia participating countries by completing **a single online combined application form**;
  - **assisting PVP Offices** of participating countries in the processing of examinations and the management of PBR applications and grants;
  - **facilitating communication** between PVP Offices and the applicants/ title holders; and
  - **enhancing cooperation in examination of DUS** (Distinctness, Uniformity and Stability) among participating countries
- ❑ e-PVP Asia has been developed under the **East Asia Plant Variety Protection (EAPVP) Pilot Project** with financial support from Japan Fund-in-Trust and technical assistance from UPOV.

3

## ✓ How e-PVP Asia works

## ✓ Who can participate in e-PVP Asia and the Pilot Project?

- **e-PVP Asia Participating countries** must be a UPOV member
  - Japan and Viet Nam
- **PP Provisional Participating countries:**
  - EAPVPF countries which have initiated the procedure to become a UPOV member: Brunei Darussalam, Malaysia, Myanmar
- **PP Observer countries:**
  - Other EAPVP Forum countries
- PP Resource partner:
  - UPOV Office

5

## ✓ Benefits of e-PVP Asia

### For e-PVP Asia Participating countries:

- Manage efficient procedures by an **online application system** and **electronic application management system**
- Enhance DUS cooperation among PVP Offices of participating countries to **address capacity gaps in DUS examination** (e.g. human resources, infrastructure, agro-climatic conditions for growing trials)
- Assist new UPOV members to provide protection to **all plant genera and species** in an efficient way
- **Increase the number of PVP applications** as a result of efficient application and examination procedures

## ✓ Benefits of e-PVP Asia

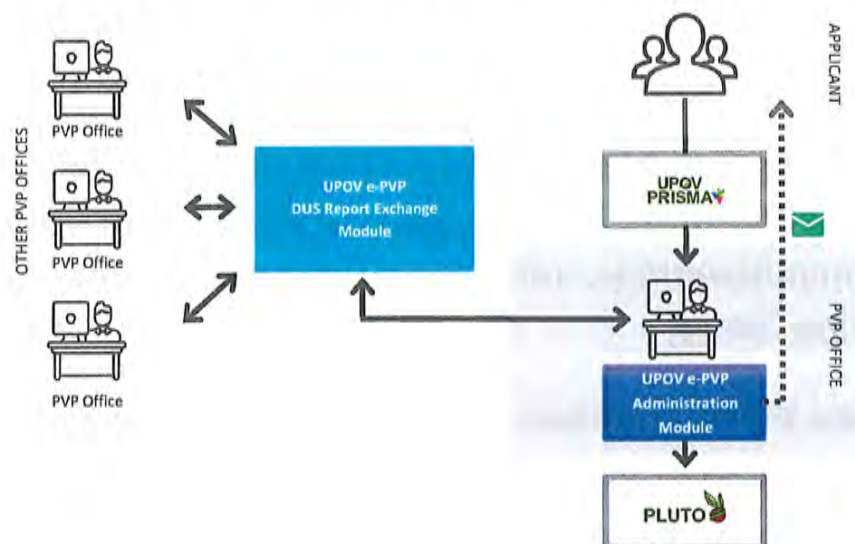

### For breeders/agents:

- **A single online platform** for submitting application data and enhanced **cooperation in DUS examination**
  - **Easy to apply** to participating countries
  - **Save time and costs** for application/examination (minimizing number of DUS examinations)

## e-PVP Administration Module Features – for PVP Office

Request information from other participating PVP offices on the availability of DUS reports for a variety

DUS dashboard

The screenshot shows the 'e-PVP Office Administration Module' interface. A blue banner at the top contains the 'DUS dashboard' link with a plus icon. Below the banner, there's a navigation bar with various menu items like 'My profile', 'My PVP', 'International', 'Breeder's', 'Proposed', 'Grant', 'Breeder's', 'Grant', 'Breeder's', 'Grant'. The main content area shows a table with columns for 'International Reference Number', 'Botanical Name', 'Breeder's reference', 'Proposed Denomination', 'Date of first commercialization', 'Grant Number', 'Grant Date', 'Grant Status', and 'Action'. The table contains two rows of data, with the second row having a warning icon next to the International Reference Number.

## Applicant Module – for Applicants

The screenshot displays the 'Applicant Module' interface. On the left, a 'Details' section lists application information: International Reference Number (XU\_302020000206), Application Status (SUBMITTED), Application Number, Applicant (SD133VH), Application Type (PBR or NLI) (PBR), Agent (33VH0J312), Breeder (DSUR342), and Botanical Name (Abelia R. Br.). On the right, a summary section lists: Common Name (Abelia), Biological Name (Biological Name), Filing date, Novelty, Formality, Denomination (raspberry profusion), Priority (23/03/2022), and DUS Report Status. A 'Hide history' button is visible. Below the details, a green dot indicates 'Application Submitted 21/06/2022'. An orange callout box states: 'View the details of application and get a view of all decisions shared by the PVP Office'.

## Applicant Module Features– for Applicants

The screenshot shows the 'Applicant Monitoring Module' interface. The header includes a language selector (English) and a user profile (Daniel Janus MM). Below the header is a table listing applications:
