

J-Methods Farming

International Development of Japanese agriculture's model rooms.

November 2022

Promotive Unit J-Methods Farming
Ministry of Agriculture, Forestry and Fisheries
the Government of Japan

Overview of J-Methods Farming

J-Methods Farming

- Set up Japanese agriculture's model rooms to demonstrate Japan's excellent agricultural technologies as a package in other countries, and demonstrate the superiority of Japan's agricultural technologies.
- The purpose is to support overseas expansion of the Japanese agriculture sector, realize the improved agricultural productivity and safety of farm products in developing countries, and improve the supply-demand balance to respond to an expected increase in the world population.
