

Main Export Countries	Hong Kong, Taiwan, etc.	Export Value	840 million JPY
Source Region	Owase City, Kihoku Town, Kitamuro District Mie Prefecture, Higashikagawa City Kagawa Prefecture, Ainan Town Minami Uwajima District Ehime Prefecture, Sukumo City Kochi Prefecture		

Overview of Export Production Areas

- We farm yellowtail at our own farm, but we work together to produce yellowtail with contracted farm in Kumano Nada area.
- As we see the domestic market demand has reached the limit we began to export directly to oversea working with eight contracted farmers

Labeling the fish under exporting countries restrictions

Actions for Compliance with Export Regulations

- To supply oversea market for larger size yellowtail year-round, we strengthened to implement artificial seeding.
- As restriction for chemical standard differs between exporting countries, we try not to use chemical as much as possible but when we medicate fish we submit the record.

Promotional Points

- To guarantee safety and relief to customer we’ve been certified for SQF certification the first seafood processing company in Japan. To this date the SQF certification has progressed to 9<sup>th</sup> edition, and we have been maintaining the certification.
