## 2000 World Census of Agriculture and Forestry QUESTIONNAIRE FOR FARM HOUSEHOLDS

(Detailed survey)

For Okinawa Prefecture

As of December 1, 1999

This Census of Agriculture and Forestry is intended to be the most authoritative statistical survey of agriculture and forestry in this country.

Statistics obtained by this survey are indispensable not only to the national government but also to prefecture, city/town/ward, town and village administrations for formulating agricultural policy and developing rural communities.

Strict privacy shall be observed: the contents of individual survey forms will remain confidential, and will not be disclosed to others or used as a basis for reviewing taxation or the like, so please ensure that your responses are truthful and accurate.

Please use a dark pencil to fill in this form.
