

CONFIDENTIAL

Designated Statistical Survey No. 26
Census of Agriculture and Forestry Form No. 9
The Ministry of Agriculture, Forestry and Fisheries of Japan

Name of regional office, office	Name of branch office

	Prefectural bodies	Municipal bodies	Former municipal bodies	Rural communities
N a m e				
Basic Index No.				

2000 World Census of Agriculture and Forestry SURVEY ON RURAL COMMUNITIES

As of February 1, 2000
(As of December 1, 1999 in Okinawa Prefecture)

Name of enumerator: _____

Name of representative: _____

Telephone: _____

【1】 Geographical conditions of rural communities

1 Density Inhabited District (DID)—former municipalities nearest to rural communities

Please fill in the Density Inhabited District (D I D)-former municipalities nearest to the center base of rural communities and circle applicable time it takes to the center base of the relevant former municipality.

	Name of Density Inhabited District (D I D)-former municipalities:								Required time required to D I D-former municipalities			
	Prefectural code	Municipal code	Former municipal code	Population of D I D-former municipalities (Thousand)				Less than 30 minutes	30 to 60 minutes	One hour to one hour and 30 minutes	One hour and 30 minutes and over	
111									1	2	3	4

2 Legal zoning designated areas

If there are legal zoning designated areas in these rural communities, please circle applicable ones.

	City planning area		Not designated	Special mountain villages	Peninsular areas specially designated by a government ordinance to promote the development of industry	Solitary islands specially designated by a government ordinance to promote the development of industry	Heavy snowfall area	Depopulation area	Developing mountain villages	Agricultural areas	Agricultural promotion areas	Not delineated	Urbanization control areas	Urbanization area
	Delineated	Urbanization area												
	Urbanization area	Urbanization area												
121	1	1	1	1	1	1	1	1	1	1	1	1	1	1

3 Areas designated for nature preservation

If the rural communities include areas designated for nature preservation listed below, please circle applicable ones.

	Not designated	Watershed protection forest	Forest for preventing sediment discharge and collapse	Protection forest	Animal preserved area	Prefectural natural environment preserved area	Natural environment preserved area	Wild natural environment preserved area	Prefectural natural park	Quasi-national park	National park
131	1	1	1	1	1	1	1	1	1	1	1

4 Total land areas and forest land and grazing land areas of rural communities

Please fill in the total land areas and forest land and grazing land areas of these rural communities.

Total land areas	141								
Forest land and grazing land areas	142								

5 Altitude of the center base of rural communities

Please fill in the altitude of the center base of these rural communities.

151					
-----	--	--	--	--	--

6 Geographical features of rural communities

Please circle an applicable geographical feature of these rural communities.

	Plains	Basin-shaped valleys	Plateaus	Ranges	Mountainous areas	Cayons
161	1	2	3	4	5	6

7 Types of rural communities

Please circle an applicable type of these rural communities.

	Scattered communities	Communities with scattered households	Communities with densely located households
171	1	2	3

【2】 Number of houses in rural communities

Please fill in the number of houses in rural communities.

(Houses)

Total number of houses-----

Number of non-farm households only in groups by local administration districts -----

201				
202				

【3】 Cultivated lands in rural communities

1 Cultivated lands

Please fill in the cultivated land areas of these rural communities. Please circle the extent of gradient of the geographical locations where cultivated lands are present. (Select applicable one.)

					Level land	Easy gradient land	Steep gradient land
Paddy fields -----	311				1	2	3
Upland fields -----	312				1	2	3
Land under permanent crops -----	313				1	2	3
Total cultivated land area -----							

(ha)

2 Readjusted land areas of paddy fields

Please fill in the readjusted land areas of paddy fields.

Readjusted land areas					(ha)
10-30 a (readjusted)	321				
3 0 - 5 0 a	322				
3 0 a - 1 h a	323				
1 h a or greater (readjusted)	324				
	325				

3 Changes in cultivated land areas

Please select and circle the extent of the cultivated land areas changed in these rural communities during the past ten years.

	Increased	No changes	Decreased				
			Less than 1 ha	1 to 3 ha	3 to 5 ha	5 to 10 ha	10 ha or greater
331	1	2	3	4	5	6	7

Please show us the present situations of somewhat decreased land areas. Please fill in the greatest three land areas in order of 1 to 3.

	Mainly converted					Turned into wilderness
	Roads	Residential sites	Industrial sites	Sites for public facilities	Forests (afforestation)	Others
332						

【4】 Agricultural production

1 Agricultural and livestock products with brand names

Are there any agricultural and livestock products with brand names produced in these rural communities? If present, place a check mark in either of the following.

Yes	No
()	()

Please fill in typical one of the branded agricultural and livestock products.

	Agricultural and livestock product name	Code no.
411		

2 Type of management

Please show us the type of management of (who manage) the cultivated lands in these rural communities. Please fill in each percentage of paddy fields, upland fields, and lands under permanent crops.

			Individual management due to holdings outside rural communities	Individual management due to holdings within rural communities	Managed by community farming
Paddy field	421				
Upland field and land under permanent crops	422				

3 Transfer of production in groups

Are you working on transferring production in groups of the rural community? If there are, please circle any one of the hits of efforts, details of efforts, and areas where the efforts are applied, as listed below.

No	Yes												
	Hints of efforts				Details of efforts			Areas					
	Agricultural cooperatives recommendation	Municipal bodies recommendation	Rural communities themselves	Others	Fixed farming complex	Conversion of paddy field - upland field	Block rotation	Part of rural communities	Whole rural community	Several rural communities	Within municipal bodies	Others	
	1	2	3	4	1	2	3	1	2	3	4	5	
()	431												

【5】 Practices of rural communities

1 Agricultural association

Are there any agricultural associations in these rural communities?

	Yes	No
511	1	()

2 Community gathering

(1) How often did you have community gathering?

Please fill in the number of frequencies of community gathering in the past one year.

	Number of frequencies of community gathering held	No community gathering held
521		()

(2) Subject of community gathering

What subject did you have in community gathering in the past one year? Please circle applicable ones of the following if you had.

	No subject	Subject we had	
		Only farm households participated	All households participated
Planning and execution of subsidiary business such as land foundation preparation	()	522	1 2
Promotion of paddy-field farming conversion	()	523	1 2
Maintaining and management of drainage canal for farm road and agricultural use	()	524	1 2
Use, operations and management of joint-held property in rural communities	()	525	1 2
Preparation and improvement of facilities related to the people's daily lives	()	526	1 2
Planning and promotion of community events involving festival, sports festival, etc.	()	527	1 2
Environmental improvement, natural environment preservation	()	528	1 2
Welfare work in rural communities	()	529	1 2

3 Management of facilities related to agricultural use and the people's daily lives

If the following are present in the rural communities, please show us how you maintain and clean such facilities.
Please circle applicable one.

	Not present
Farm roads	()
Channel for irrigation and drainage canal for agricultural use	()
Community facilities related to the people's daily lives	()

	Present			
	Managed in rural communities			Not managed in rural communities
	By joint work	Implemented by employed persons		
	All households in rural communities shall be responsible for management.	Only farm households shall be responsible for management.		
531	1	2	3	4
532	1	2	3	4
533	1	2	3	4

【6】 Preservation of regional environment resources (excluding urban areas)

If the following are present in rural communities and preserved under specific regulations, please circle applicable one of each (Reasons for preservation" and Bodies responsible for preservation," and all of applicable ones in "Purpose of preservation."

If the following items are present, but they are not preserved, please circle "Not preserved."

	Present	Not present											
		Reasons for preservation			Bodies responsible for preservation		Purpose of preservation						Not preserved
		Prefectural ordinance	Municipal bylaw	Agreement	Local public entities	Others	Preservation of national land and water resources	Preservation of living animate beings	Preservation of landscape	Preservation of tourist resources	Preservation of historical, heritage and culture	Others	
Rice terrace, paddy fields at valley bottom	()	601	1	2	3	1	2	1	1	1	1	1	9
Forest wood land, natural grassland	()	602	1	2	3	1	2	1	1	1	1	1	9
Cisterns, lakes	()	603	1	2	3	1	2	1	1	1	1	1	9
Rivers, water channel	()	604	1	2	3	1	2	1	1	1	1	1	9
Trasitional cityscape, buildings	()	605	1	2	3	1	2	1	1	1	1	1	9
Trasitional craftwork, performance art, festivals, etc.	()	606	1	2	3	1	2	1	1	1	1	1	9

【7】 Life environment in rural communities (excuding urban areas)

1 Required time to life-related facilities

Please circle applicable one of the required time it takes to the following facilities if the residence in rural communities use any of the following.

		Within rural community	Outside rural community				
			Less than 15 min.	15 to 30 min.	30 to 60 min.	One hour to one hour and half	One hour and over
Municipality office	711	1	2	3	4	5	6
Agricultural cooperatives	712	1	2	3	4	5	6
Police stations or boxes	713	1	2	3	4	5	6
Hospitals or clinics	714	1	2	3	4	5	6
Elementary schools	715	1	2	3	4	5	6
Junior high schools	716	1	2	3	4	5	6
P u b l i c h a l l s	717	1	2	3	4	5	6
Supermarkets or department stores	718	1	2	3	4	5	6
Highway interchanges	719	1	2	3	4	5	6

2 Regional organizations

Are there the following organizations in the rural community for regional vitalization? If present, please select and circle applicable ones from the viewpoint of activities.

	Not present	Present							
		Agriculture				Events planning and holding	Voluntary activities	Conservation of natural animals and plants	Others
		Production of agricultural products	Production of processed farm products	Direct selling of farm products					
Specific organizations for young generation	()	721	1	1	1	1	1	1	1
Specific organizations for women	()	722	1	1	1	1	1	1	1
Organizations for elerly people	()	723	1	1	1	1	1	1	1
Organizations for multiple generations	()	724	1	1	1	1	1	1	1

3 Broad-based exchangeable businesses

Are there broad-based exchangeable businesses in municipal bodieis where rural communities exist? If there are, please circle applicable ones.

	No	Yes	
		Workin on as a whole community	Not working on as a whole community
Exchanges thru agriculture, forestry, fishery e x p e r i e n c e	()	731	1 2
Exchanges thru direct sale from production region	()	732	1 2
Acceptance of people studing in agricultural, forestry and fishery villages	()	733	1 2
Exchanges through trasitional craftwork and performance art	()	734	1 2
Exchanges through festivals and event, etc.	()	735	1 2
