## 2000 World Census of Agriculture and Forestry

### QUESTIONNAIRE FOR FORESTRY HOUSEHOLDS

Name of  
municipal body

As of February 1, 2000  
(As of December 1, 1999 in Okinawa Prefecture)

| Municipal body | Former municipality | Rural community | Tabulation unit area | Census tract | Forestry household |
|----------------|---------------------|-----------------|----------------------|--------------|--------------------|
|                |                     |                 |                      |              |                    |

Your address

Name of head of household

Telephone no.

#### 1 Forest land area

##### Notes on filling in

- For this land, fill in the actual land area in 10-a (tan) units, not land areas on the Land Register. Regardless of land category on the Land Register, if land is actually used as forest land, it should be included in the above forest land area.
- Include forest land areas which you own in other cities, wards, towns, and villages.
- Profit sharing means that the relevant land owner and afforester are different, and profits are shared between them.

(1) Fill in the belonging forest areas and owned forest areas.

Belonging forest

Forest leased to others (including your own forest lands that are managed in profit-sharing arrangements with others)

Forest land leased from others (including forest land that is profit-shared but owned by other persons)

Owned forest land [01—02+03]

Of forest land that you manage, the land whose management is subcontracted to others

|    | ha<br>(cho) | 10a<br>(tan) |
|----|-------------|--------------|
| 01 |             |              |
| 02 |             |              |
| 03 |             |              |
| ①  |             |              |
| 04 |             |              |

(2) Fill in the increase or decrease (over the past ten years) in the amount of forest land you manage.

Land area increase due to purchasing or leasing from others

Land area decrease due to selling or leasing to others

|    | ha<br>(cho) | 10a<br>(tan) |
|----|-------------|--------------|
| 05 |             |              |
| 06 |             |              |

(3) Of owned forest areas, fill in the areas of artificial forest you own.

Up to 10-years old (including artificial forest cut-over land)

11 up to 30 years old

31 up to 40 years old

More than 41 years old

Total [07+08+09+10]

|    | ha<br>(cho) | 10a<br>(tan) |
|----|-------------|--------------|
| 07 |             |              |
| 08 |             |              |
| 09 |             |              |
| 10 |             |              |
| ②  |             |              |

(4) Please select the main location of the forest land you manage.

| In prefecture where you live |                      | Outside prefecture you are living |
|------------------------------|----------------------|-----------------------------------|
| Within municipality          | Outside municipality |                                   |
| 1                            | 2                    | 3                                 |

(Be sure to circle only one.)

11 00000

(To be continued)

## 2 Fill in the household members engaged in forestry in the past one year.

### Notes on filling in

- Please enter the number of members of your household engaged in your own forestry (including contracted forestry) or employed in forestry, regardless of income in the past one year into the "engaged-days-column" to the right.
- If somebody is both engaged in self-owned forestry business and employed in the forestry business, select whichever represents more days of work and fill in the appropriate column. In that case, fill in the total days engaged in forestry business.

Mainly engaged in own forestry

|    |    |                         |                          |                           |                              |
|----|----|-------------------------|--------------------------|---------------------------|------------------------------|
| 21 | 00 | 1 to 29 days<br>persons | 30 to 59 days<br>persons | 60 to 149 days<br>persons | 150 days and over<br>persons |
| 22 | 00 | persons                 | persons                  | persons                   | persons                      |

Mainly employed in other's forestry

## 3 Please fill in the working areas of owned forest lands in the past one year.

### Notes on filling in

- Include employed and contract work in actual working areas.
- In addition, if you have entrusted or contracted out work, please fill in its percentage.
- Weeding includes nursery work involving weeding, pruning, vines cutting, cleaning cutting, work for protection from snowfalls, and the like.

Afforestation

Weeding

Thinning

Regeneration  
-cutting

|    | Actual working area |              |  |  | Ration of trust and contract (%) |
|----|---------------------|--------------|--|--|----------------------------------|
|    | ha<br>(cho)         | 10a<br>(tan) |  |  |                                  |
| 31 |                     |              |  |  |                                  |
| 32 |                     |              |  |  |                                  |
| 33 |                     |              |  |  |                                  |
| 34 |                     |              |  |  |                                  |

## 4 Please select applicable ones of forest products in the past one year.

### Notes on filling in

- Special forest products include firewood, charcoal, and bamboo shoots and wild vegetables other than cultivated mushrooms and saplings for forestry.
- Logs that are produced from purchasing and selling standing trees should be excluded.

(Place a check mark in appropriate blank)

|          |                          |
|----------|--------------------------|
| No sales | <input type="checkbox"/> |
|----------|--------------------------|

|      |                          |
|------|--------------------------|
| Sold | <input type="checkbox"/> |
|------|--------------------------|

(Circle applicable ones.)

| Wooden materials | As stump-logs | As growing mushrooms | Bed log for growing mushrooms | Special forest products |
|------------------|---------------|----------------------|-------------------------------|-------------------------|
| 1                | 1             | 1                    | 1                             | 1                       |

|    |    |   |   |   |   |
|----|----|---|---|---|---|
| 41 | 00 | 1 | 1 | 1 | 1 |
|----|----|---|---|---|---|

Please fill in the production of logs sold with stumpage.

|    |   |  |  |  |  |  |                   |
|----|---|--|--|--|--|--|-------------------|
| 42 | 0 |  |  |  |  |  | (m <sup>3</sup> ) |
|----|---|--|--|--|--|--|-------------------|

## 5 Please select your main businesses in your household.

### Notes on filling in

- Main businesses are those of the greatest contributions (percentage) to your family finances.
- Self-employed forestry includes the management of your own forest and contract forestry businesses.

| Employed       |  |          | Self-employed |                     |
|----------------|--|----------|---------------|---------------------|
| In regular job | A day worker and temporary worker "DeKasegi" work away from home | Forestry | Forestry      | Other than forestry |
| 1              | 2  | 3        | 4             | 5                   |

(Circle an applicable number.)

|    |       |   |   |   |   |   |
