## 2000 World Census of Agriculture and Forestry

# QUESTIONNAIRE ABOUT FORESTRY HOLDINGS THAT ARE NOT FAMILY-OWNED

As of February 1, 2000

(As of December 1, 1999 in Okinawa Prefecture)

This Census of Agriculture and Forestry is intended to be the most authoritative statistical survey of agriculture and forestry in this country.

Statistics obtained by this survey are indispensable not only to the national government but also to prefecture, city/town/ward, town and village administrations for formulating agricultural policy and developing rural communities.

Strict privacy shall be observed: the contents of individual survey forms will remain confidential, and will not be disclosed to others or used as a basis for reviewing taxation or the like, so please ensure that your responses are truthful and accurate.

Please use a dark pencil to fill in this form.

1 Forest land area

Notes on filling in

- For this land, fill in the actual land area in 10-a (tan) units, not land areas on the Land Register. Regardless of land category on the Land Register, if land is actually used as forest land, it should be included in the above forest land area.
- Include forest land areas which you own in other cities, wards, towns, and villages.
- Profit sharing means that the relevant land owner and afforester are different, and profits are shared between them.

(1) Fill in the belonging forest areas and owned forest areas.

		ha	10a				
		(cho)	(tan)				
Belonging forest	01						
Forest leased to others (including your own forest lands that are managed in profit-sharing arrangements with others)	02						
Forest land leased from others (including forest land that is profit-shared but owned by other persons)	03						
Owned forest land [01-02+03]	①						
Of forest land that you manage, the land whose management is subcontracted to others	04						

(2) Fill in the increase or decrease (over the past ten years) in the amount of forest land you manage.

		ha	10a				
		(cho)	(tan)				
Land area increase due to purchasing or leasing from others	05						
Land area decrease due to selling or leasing to others	06						

(3) Of owned forest areas, fill in the areas of artificial forest you own.

		ha	10a				
		(cho)	(tan)				
Up to 10-years old (including artificial forest cut-over land)	07						
11 up to 30 years old	08						
31 up to 40 years old	09						
More than 41 years old	10						
Total [07+08+09+10]	②						

Questions related to prefectures/villages etc., special legal entities, and national/country-specific questions, end here.

## 2 Please fill in the working areas of owned forest lands in the past one year.

### Notes on filling in

- Include employed and contract work in actual working areas.
- In addition, if you have entrusted or contracted out work, please fill in its percentage.
- Weeding includes nursery work involving weeding, pruning, vines cutting, cleaning cutting, work for protection from snowfalls, and the like.
